

2013 Fairfax Bike Summit

BICYCLE-FRIENDLY TYSONS

Fairfax County is transforming Tysons to create a livable, walkable, and sustainable community. The Metrorail Silver Line stations are the foundation of the radical transportation change and bicycles will be a key tool in the new ways of travel.

The remaking of Tysons will influence development and transportation across Fairfax County for the next 40 years. From Merrifield to Springfield, Huntington to Reston, bicycle transportation will be a vital link in local travel choices.
